SHIPPED COOLED SEMEN _____ (Circle which one applies) Embryo Transfer / Carry
FROZEN ICSI SEMEN _____

COPY OF MARE'S REGISTRATION PAPERS & GENETIC TEST RESULTS MUST ACCOMPANY THIS CONTRACT.

- I hereby agree to breed my mare _____,
Reg. No. _____
to the stallion **THE ROYALTY** (AQHA # 5915324; 5 PANEL N/N) for the 2026 season at \$2,000.00.

An initial deposit of \$500 is due at the execution of the contract and is nonrefundable. The remaining \$1500.00 must be paid prior to semen shipment. This \$2000 breeding fee is all-inclusive including stud fee, chute fee and one shipment. All additional fees and shipments are the responsibility of the Mare owner through Select Breeders Southwest.

2. The breeding season will begin in February and continue until July in accordance with the schedule set forth by Deacon Equine. **Collection Days are Monday, Wednesday, Friday and are based on the stallion's show schedule.**

3. Diligent effort should be made to settle each mare. However, if for any reason the mare does not settle, the Mare Owner will not hold the Stallion Owner or his representatives liable. The Mare Owner is entitled to one return breeding the following year. The rebreed is good the following year only, providing the Stud Fee has been paid in full. Additional chute fees will apply and are the responsibility of the mare owner.

4. If the Mare fails to produce a live foal from the breeding privilege granted by this Agreement, the Mare Owner may rebreed the Mare (or a substitute mare mutually agreed upon by the Mare Owner and the Stallion Owner) during the subsequent breeding season. The Mare Owner may not assign this breeding contract or substitute any other mare for the Mare under this Agreement, without the prior written consent of the Stallion Owner. Any attempted assignment without the prior consent of the Stallion Owner, will, at the option of the Stallion Owner, terminate this Agreement and release the Stallion Owner from all obligations hereunder. "LIVE FOAL" means that the foal resulting from the breeding stand and nurses without assistance and lives for 24 (Twenty-four) hours. This return breeding privilege is conditioned upon the Mare Owner giving the Stallion Owner written notice within 7 (Seven) days after foaling or aborting that the Mare did not produce a live foal. This notice must be accompanied by a certificate from the attending veterinarian that no live foal was born.

5. Embryo Transfer/ICSI: I understand that if performed and multiple embryos are recovered during harvesting, I will be held accountable for the additional Stud Fee \$1500, within (60) days of confirming the pregnancy or embryo freezing, in order to receive a certificate of registration for the additional foals. If a conception from a multiple embryo harvest does not produce a live foal, after the Mare Owner pays for the additional Stud Fee(s), it is the Stallion Owners discretion to refund the Stud Fee for the additional conceptus or allow it to be counted as a rebreed for the following breeding season.

6. A photostatic copy of the Mare’s registration papers must be returned with this contract. The owner recorded on the registration papers will be recorded on the Stallion Breeding Report.

7. The Stallion is bred to a full book of mares each year. This book is determined by the number of mares that the Stallion Owner anticipates being able to breed successfully during the breeding season.
